CONDITIONS OF THE PERMIT:

1. Contractor must comply with all state and local traffic, O.S.H.A. and other applicable safety codes and assumes all related liability.
2. All projects shall include erosion control.
3. All construction shall comply with City of Frisco Construction Standards.
4. This permit and accompanying construction plans shall remain at the job site at all times.
5. Upon completion of construction, make an appointment with City for a Final Inspection.
6. Additional permits may be withheld pending Final Inspection for previous construction permits.
7. **Allow five working days for official response to permit request.**
8. All excavation within City right-of-way requires mechanical compaction equal to adjacent undisturbed materials. Compaction testing may be required at the discretion of the City Construction Engineer.
9. No digging will be allowed within one foot behind curbs or edges of pavement.
10. Call City of Frisco Public Works at 972.335.5520 for locates. No line locates will be provided without an approved permit.
11. Minimum depth of cover for all bores shall be at least two (2) feet from bottom of pavement structure to top of bore or deeper if required to clear other utilities.]
12. "AS-BUILT" drawings shall be submitted and accepted for irrigation and landscaping before a Certificate of Occupancy will be issued.
13. Damage to existing plant material such as pruning which disfigures the plant, skinned bark, etc. shall not be allowed. Plants suffering from these injuries may require replacement as directed by the City of Frisco.
14. No trees shall be planted closer than 4' from concrete paving without an approved root barrier.
15. All tree-staking items shall be removed as soon as the plants are rooted in.
16. **All fallen trees shall be shredded or removed from site within 72 hours of first trees down.**
17. **All trees to remain on site shall be protected with orange protection fencing or silt fencing.**
